

1 64 pigtail test splitter

Overview

1×64 Fiber PLC Splitter with micro-package and SMF-28e single fiber terminal, tail length according to client's specified. □ The input pigtail can be easily distinguished from the output pigtail due to the color difference. It is compatible with SC, LC, and FC connectors, making it suitable for a wide range of optical fiber networks. As a global leading professional Huawei network hardware and solution provider, we have delivered Huawei, ZTE, Nokia, CISCO, Fiberhome, etc. 1×64 Fiber PLC Splitter, ABS Box Type, Singlemode, SC/APC Planar lightwave circuit (PLC) splitter is a type of optical power management device that is fabricated using silica optical waveguide technology to distribute optical signals from Central Office (CO) to multiple premise locations.
