Bus Bar Insulator Selection and Pricing Guide

PUTAI Electric offers a full line of epoxy bus bar insulators for MV panels, ring main units, and OEM switchgear. Popular models include:
·M12/M16 threaded types with 80mm-220mm height. ·Rated

10KV Polyester Busbar Standoff Insulators Middle

Standoff insulators from HAITAN are ideal for supporting busbars or other live electrical components. These components are made of UL-recognized fiberglass

SM35 Thermoplastic Insulator Busbar Support Insulator

By connecting the copper busbar support, it plays a fixing, supporting, and insulating role. The busbar support insulator has excellent insulation performance, high

10kV Standoff Insulators , HV Indoor Post Insulators

High-quality 10kV indoor standoff insulators. Made of epoxy resin for excellent dielectric performance in power distribution systems.

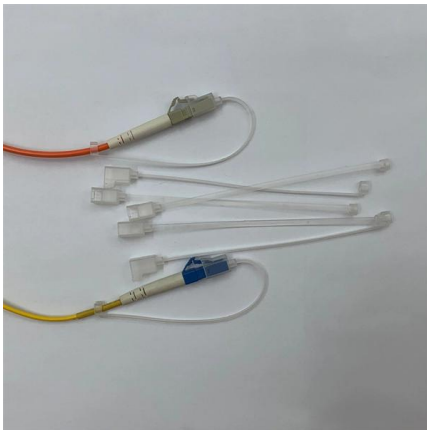

[Contact Us](#)

Busbar Insulator , Low Voltage and High Voltage

Secure and insulate your copper or aluminum busbars effectively with our range of standoff and support insulators, tested to hold securely during short circuits.

[Contact Us](#)

INSULATORS BUSBAR SUPPORTS

TECHNICAL CHARACTERISTICS Series of insulators designed to be used as supports or spacers of electrically active parts such as the bars used to create panels. Made of polyester resin with the

Insulation Options for Bus Bars

Air Insulated (AIS) - Conductors are bare or electroplated and are supported by standoff insulators, while the phases are separated by air only. Solid Insulated

[Contact Us](#)

Bus Bar Insulator Selection and Pricing Guide

Ensure the insulator supports the system's voltage class, typically 10kV-40.5kV for medium-voltage switchgear or panel boards. A mismatch may lead to surface
