

19-inch chassis with immersion liquid cooling available now

19-inch chassis with immersion liquid cooling available now

Rackmount chassis Server case 19 inch microATX mini-itx 4U N430

KI-N430 is a reliable and stable 4U with 11.81" depth industrial computer chassis.

Single Phase Immersion Cooling LiquidStack
advanced flow technology optimizes heat
transfer and rejection by directing fluid into the
chassis to cool servers

Technical drawing of a 3D-printed part. The drawing includes a top view (left) and a side view (right). The top view shows a circular cross-section with a central hole. Dimensions are given: 5.9 for the outer diameter and 6.8 for the inner diameter. The side view shows a cylindrical shape with a flange. Dimensions are given: 11.62 for the total length and 11.62 for the flange length. The part is shown in a 3D model (right) with a green color.

HPE and Iceotope have an agreement for Isotope to sell HPE ProLiant servers in its liquid-cooled, ruggedized chassis.

Powered by FRINDEL OPTICS

Alphacool ES 4U

The Alphacool ES 4U ServerRack has been specifically optimised to accommodate water cooling sets that can dissipate up to 2400W of waste heat in this enclosure.
