

80km optical module 100m

80km optical module 100m

How to Choose the Right Optical Transceiver Module

Learn how to select the ideal optical transceiver module based on speed, fiber type, compatibility, and real deployment scenarios. Includes expert recommendations and trusted Cisco

ETU-LINK 100G ZR4 BIDI 80KM Optical Module: Long Distance Solution

In the field of high-speed data transmission, 100G optical modules have become an important part of data centers and telecommunication networks with their high-speed transmission

[Contact Us](#)

100G QSFP28 BIDI ZR4 80km Optical Transceiver

Experience high-speed data transmission with 100G QSFP28 BIDI ZR4 optical modules. This 100G transceiver supports up to 80km over smf - AscentOptics.

100G BIDI 80KM Optical Module for Long-Haul Links

100G BIDI 80KM optical module delivers cost-effective long-distance transmission for DCI, 5G, and backbone networks with high reliability.

[Contact Us](#)

Application and development of the second generation

The ETU-LINK 100G ZR4 80KM optical module is an ultra-long range module designed for optical communication applications up to 80 km. The module
