A black server rack with its door open, showing internal shelves and a perforated door. The rack is standing on four small wheels. The door is open to the right, revealing a mesh screen. Inside, there are several horizontal shelves and a vertical mesh screen on the left side. The rack is empty of any equipment.

The HPE Aruba Networking 9300-32D and 9300S-32C8D Switch Series are a family of premium edge networking stackable switches, ideal for enterprise network access, aggregation, and core.

Component Diagram

The diagram illustrates the exploded view of the 16-Port SFP+ RJ45 Copper Patch Panel. The components are labeled as follows:

- Cable Plug
- Line Rack
- Fiber Optic Cassette
- Panel Housing
- TOP Cover
- Slide Rail
- Slide Rail

Key dimensions

The key dimensions of the panel are provided in millimeters (mm):

- Overall width: 487.6 mm
- Overall height: 480.1 mm
- Panel width: 487.6 mm
- Panel height: 480.1 mm
- Panel depth: 100 mm
- Panel thickness: 10 mm

Cisco Catalyst 9300 Series switches are Cisco's lead stackable enterprise access switching platform and as part of the Catalyst 9000 family, are built to transform your network to handle a hybrid world
