

Andorra Coherent Optical Module 40G

Overview

Coherent FTL4C1Q 40GBASE-LR4 QSFP+ Optical Transceivers are designed for use in 40Gb Ethernet links over single-mode fiber (SMF). Get the pluggable module performance you need from the manufacturer of choice for major networking equipment vendors worldwide. On March 12, Nortel unveils the industry's first coherent 40G/100G optical transport solution. Original research work on coherent optical was done in the 1980s, but advances in WDM and Erbium-doped waveguide amplifiers in the 1990s and the collapse of demand in early 2000, forestalled work on. Upgrade Your Speed with the QSFP Optical Module Stop settling for slow data speeds. Incorporating the latest silicon photonics and DSP technology, our coherent pluggable optics feature highly compact QSFP28 (100G ZR/ZR+) and QSFP-DD form factors (400G ZR/ZR+).
