

Australian pigtail channel specifications

Overview

Manufactured in accordance with the requirements of Australian Standard AS/NZS 3679. A steel structural C shape with inside radius corners that is ideal for all structural applications, general fabrication, manufacturing, and repairs. The above table of Channels sizes offers a detailed beam sizes chart for engineers to easily scroll and find what they're looking for. Manufactured in Australia DuraGal® Channels supplied by Steelforce Express provide superior strength and corrosion protection in the harshest of environments. ARC Metalcentre supplies DuraGal® Galvanised Steel Channels, manufactured in Australia from high-quality galvanised steel.
