

# **Bahrain purchases 400G of active optical fiber cable**

## Overview

---

The new service, which leverages Ciena's solutions and runs over BGN (Batelco's Gulf Network), will enable Batelco to serve its diverse set of customers more effectively, including wholesale providers, hyperscalers, enterprises, data center operators and content providers. The Bahraini optical fiber cables market declined to \$X in 2025, reducing by X% against the previous year. During the recent Capacity Europe trade show in London, Batelco, part of the Beyon Group, introduced its new Bwave 400G wavelength service to address customers' data demands. Explore Amphenol's high-speed Active Optical Cables designed for data centers, HPC, telecom, and storage systems with support from 12G to 400G. Explore all the different fiber packages and place an order from the operator of your choice BNET provides the backbone to new mobile technologies such as 5G and access to international cable systems.

## Bahrain purchases 400G of active optical fiber cable
