

Cable tray and cable installation price

Overview

Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations. Ask ten buyers about cable tray cost, and most of them will point to the rate per meter. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity—plus hidden costs like shipping and installation.
