

Cable tray cross-section diagram

Overview

This AutoCAD drawing presents a cable tray layout plan with detailed section and dimension specifications for electrical routing systems. The drawing includes straight, left-hand, and right-hand tray configurations with clear width and height measurements labeled as W1, W2, W3 . All illustrations, descriptions and technical information included in this document are provided as indications and can cable trays are equivalent. The mechanical and electrical characteristics, tests, certifications, overall quality management, recommendations mentioned. Hubbell's NEXTFRAME® Ladder Tray is the effective and widely used cable runway that supports and delivers bundles of cable between cabinets, racks, and closets, along walls, and suspended from ceilings.
