

China s Fastest Optical Switch

Overview

ZHAOYUAN, China -- Primanex (China) Corporation, a leading provider of highly reliable optical devices has introduced a new 1x2 optical switch with ultra fast switching speed, which is only less than 20 μ s. The NS Ultra-Fast Series (NF) fiber optical switch is based on our patented electro-optical configuration, featuring low optical loss, wide temperature operation, and polarization insensitivity. These switches are designed for optical Multiplexers, cross-connect and network switching for fault/protection applications. GEZHI 2x2F Fiber Optic Switch Non-latching or Latching type in small size with.

China s Fastest Optical Switch

18 Optical Switch Manufacturers in 2026

This section provides an overview for optical switches as well as their applications and principles. Also, please take a look at the list of 18 optical switch manufacturers and their company rankings.
