

Circular Adjustable Attenuator

Circular Adjustable Attenuator

Circular silencers , TROX SE

A good indoor environment also means no unnecessary noise. Silencers and splitters from TROX are certified for use in room air conditioning systems in accordance with VDI 6022 Parts 1 and 3, DIN

BSLU

BSLU is a circular curved silencer. Lack of space is a frequent problem in air treatment installations. This means that it is often difficult to find enough straight lengths to install a straight silencer. This problem

[Contact Us](#)

Circular Straight Attenuator

Low height silencer with very good attenuation. It is easy to install in narrow places. Absorption material is mineral wool or Acutec® polyester. Use: All building types. Especially residential houses.
