

# **Comoro 5-pin laser diode socket**

## Overview

---

These laser diode sockets are ideal for OEM-type implementations and are compatible with our selection of Ø3. Thorlabs offers a versatile range of accessories for convenient integration of laser diodes into functional systems. I am currently using an optoelectronic component (an optic fiber switch) that has the following pinout, and I do not want to solder it directly, to be more flexible, so I am looking for a socket to plug it into. 43mm; resistance AC500Vrms 1minute; insulation resistance 500MΩ; Contact point resistance <15mΩ; Rated current 1A (DC); Operating temperature range -45 ~ 150 °C; Service life 5000.

## Comoro 5-pin laser diode socket

### 5 pin laser diode test socket ROSA 5pin LD detection

Quantity: 1pcs Specifications: 5pin Note: 5pin socket has a lot of size specifications, accept customization (please send us dimensional drawings), thank you!
