The D-Link DIS-100G Series industrial switches are compliant with all international requirements for product safety and electromagnetic compatibility that ensure

A photograph of a yellow cable, likely a fiber optic cable, coiled into a large loop. The cable has a thick, yellow outer jacket. At both ends, the jacket is stripped back, revealing a bundle of thin, yellow internal fibers. The ends are frayed and some fibers are loose. There are some white and red markings or tape on the cable near the stripped ends. The background is a plain, light-colored surface.
