

Customized Micro-module Manufacturers

Customized Micro-module Manufacturers

Electronics Manufacturing , IMI

We skillfully integrate different subsystems and modules into one large system while ensuring that each integrated subsystem functions as

[Contact Us](#)

MST Industries , Micro Systems Technologies

We have been manufacturing miniaturised electronic modules for active implants and other medical devices since 1984. All of our business processes reflect this

[Contact Us](#)

Tailor-Made chips and modules manufacturer , EM

Through intimate collaboration with our teams and diverse manufacturing expertise, we deliver customfit IC modules or end-products to our customers, using low

[Contact Us](#)

China Micro Module Cable Manufacturers Suppliers

As one of the leading micro module cable manufacturers and suppliers in China, we warmly welcome you to wholesale high-grade micro module cable from our

Product Design

Advanced Microsystems Technologies has been at the forefront of developing manufacturing solutions for advanced microelectronic packaged devices for

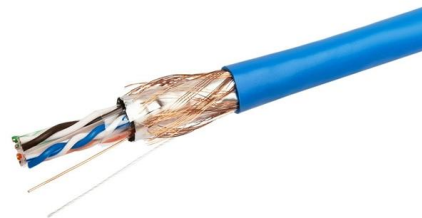

[Contact Us](#)

Microtronix Manufacturing

Microtronix Manufacturing is a proudly South African company with a legacy built on innovation, precision, and trust. Founded in 1993, today, Microtronix stands as the largest electronics contract

Home

A TFT LCD can give your product the perfect display. Microtips Technology is the home of Standard and Custom LCD Manufacturer in the industry.

[Contact Us](#)

Explore ISI solutions for miniaturization, ruggedization, and IC lifecycle management. We deliver custom microelectronic modules for mission-critical apps.

[Contact Us](#)

System on Module Manufacturers

More than 200 system on module manufacturers are there worldwide with option of different SoC with different features, it's hard to find the best.

[Contact Us](#)

Custom LCD/TFT/OLED Displays Manufacturer

DisplayModule for high-quality wholesale & custom LCD, TFT, and OLED display modules. We offer OEM/ODM services, competitive bulk pricing, reliable quality,

[Contact Us](#)

Module Manufacturers , Sigfox Partner Network , The IoT solution book

Follow Module Manufacturers If you want to add to your PCB a module component to manage Sigfox connectivity (and/or other connectivity protocols), Module Makers have off-the-shelf modules or can

[Contact Us](#)

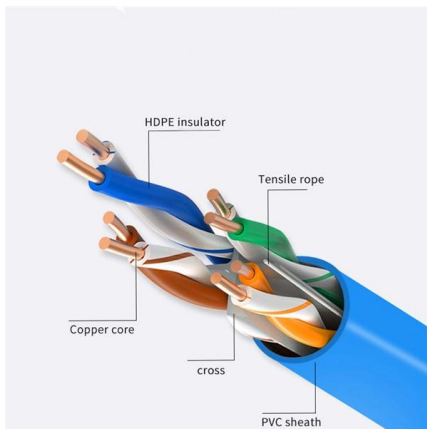

Construction kit for micro-assembly

The cost-effective micro- and high-precision assembly of small and medium-sized batches requires flexible assembly solutions. This is why Fraunhofer IPT has developed a system construction kit for

[Contact Us](#)

DRAM modules , Micron Technology Inc.

Discover Micron's high-performance, reliable DRAM modules for versatile memory solutions across computing and enterprise applications.

[Contact Us](#)

Front End Module Manufacturers

Find the leading RF & Microwave Front End Module Manufacturers. These companies supply Front End Modules. They have a range of standard catalog products and also develop custom products on

[Contact Us](#)

Empowering Innovation , Microchip Technology

Microchip Technology is a leading provider of microcontroller, mixed-signal, analog and Flash-IP solutions that also offers outstanding technical support.

[Contact Us](#)

Miniaturization

As a company specializing in comprehensive design and manufacturing services for custom, miniaturized electronic modules, ISI understands the crucial role these

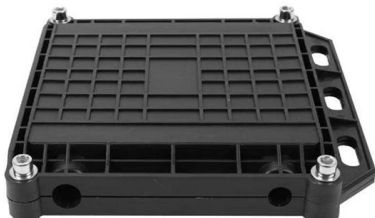

[Contact Us](#)

PCB Assembly Manufacturing Platform , MacroFab

Intelligent Electronics Manufacturing. Go from design to ordering PCB assemblies in minutes. Fix problems, get design feedback, and scale instantly with the power of

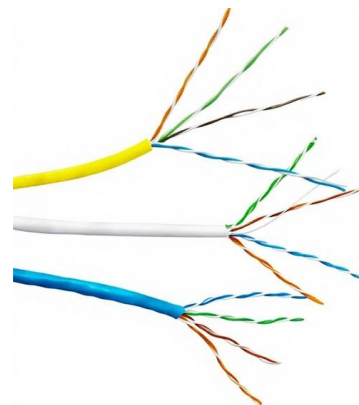

[Contact Us](#)

Microdul AG

Our consolidated know-how stretches from integrated circuits (ICs) to miniaturised electronic and power modules. Based on its longstanding experience in ASIC design, Microdul develops and

[Contact Us](#)

Power Modules

The awareness for efficient power electronic module integration is increasing dramatically. Smart control of energy-consuming applications and their intelligent

[Contact Us](#)

Multi-Chip Modules and MMICs

One of Spectrum Control's key engineering capabilities is our ability to deliver customized microelectronics based on customers' design and performance

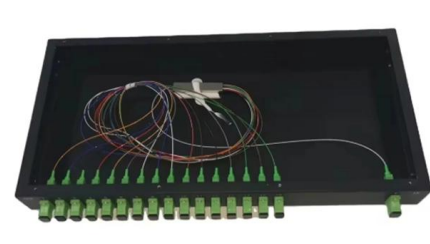

[Contact Us](#)

Custom Micro-Module Design - MEC S.r.l.

MEC has successfully designed microwave subsystem modules for a number of customers. We work with our customers' system engineers to define specifications and functionality, and design modules
