

D-light optical module

D-light optical module

Contents SECTION 10 TABLE OF CONTENTS

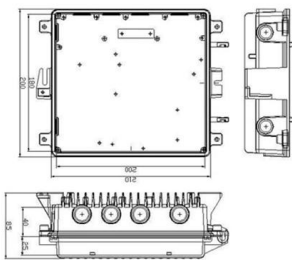

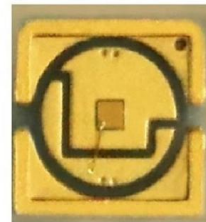

All the D-Lightsys® devices can be fully monitored and/or controlled through a I2C 2-wire serial interface and are suitable for a variety of applications:

TI DLP® System Design: Optical Module Specifications

The presentation provides a comprehensive overview of the guidelines specific to designing an optical system with DLP Products and enables customers throughout the design process. Please note that

Active Optics by D-Lightsys , Radiall

Radiall Active Optics and D-Lightsys© are optical transmitters, receivers and transceivers for harsh environments and demanding applications or markets.

[Contact Us](#)

PRODUCT BRIEF

DM-4 parallel optoelectronic modules transmit and receive high data rate signals on 4 independent channels.

[Contact Us](#)

D-Light - VCSEL - Optical Transmitter , Radiall

D-Light family offers the highest channel integration density. This family has been designed for direct integration with highspeed FPGAs & SERDES to enable state

Radiall Active Optics Catalogue by Rojone Pty Ltd

The D-Light range includes multi channel optical transceivers for harsh environment applications available in 12-channel transmitter, 12-channel

[Contact Us](#)

D-LIGHT L

Precise light distribution, unique design, and flexible optics make D-LIGHT stand out for area and street lighting applications. - Equipped with HEPER's patented

[Contact Us](#)

Cloud Light Technology

Cloud Light Technology - Manufacturer of optical modules and optical sensors. Acquired by Lumentum. Raised funding from 1 investor.

Optical Transceivers

D-Light Multiple channel optical transceivers for harsh environment applications are available in transmitter, receiver or transceiver. Available in 2, 4 or 12 channel counts, the D-Light family offers

Broadcom, Marvell set to benefit as 1.6T optical modules near mass

1.6T optical communication modules are set for
broad adoption in AI data centers in 2026, with
optical transceiver vendors and key IC design
houses preparing for shipments.
