

Democratic Republic of Congo fiber optic cable installation manufacturer

Overview

Genew Technologies and Zhongshi Wosen, both Chinese companies, will help the Democratic Republic of Congo (DRC) build its fiber optic network. We Deploy optical fiber and cable both underground and aerial, we Install ATB, TB, FDT for FTTH, FTTX, FTTD, FTTA, we do Fiber Testing, splicing Termination including Trenching and building manholes and handholes. As a provider of a total optical communication solution that leads to success in customers' new network building project, we take care of and accomplish the entire process of the project from the initial design and consulting, engineering and building, management and maintenance, and to even. OTTs and telcos, such as Facebook or Orange, supported by funders and African governments, have joined forces to accelerate the deployment of high-speed connectivity infrastructures. Submarine cables, landing stations, and backbones, are essential infrastructure to develop connectivity and. We specialise in Engineering, Procurement & Construction (EPC) projects that deliver maximum efficiency and sustainability. The Congolese Minister of Telecoms, Augustin Maliba, signed the related memorandum of understanding (MoU) on April 7, 2025.
