

Distribution box module electricity meter

Distribution box module electricity meter

Wiring of the Distribution Board From Energy Meter to

Below is a Wiring diagram of the distribution board, Single phase electric supply from electric pole and Energy meter to the main distribution board (Without RCD)

How Electricity Flows Through The Meter Box (Step by Step)

What determines the size of a cable used?
Electricity flow from the power pole is fed directly to a meter box through a drop cable depending on the size of the load connected to it.
