Why do elephants have long big ears?

African elephants live in a hotter climate than indian or asian elephants. Since elephants don't sweat they flap their ears to cool the blood vessels down as much as 10degrees.The Asian elephant

How long do Asian elephants survive in captivity?

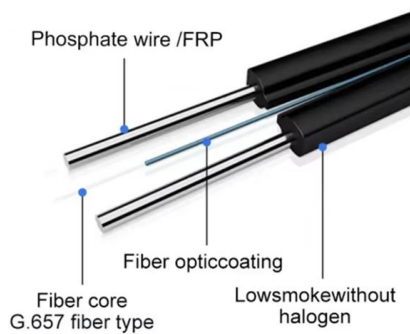

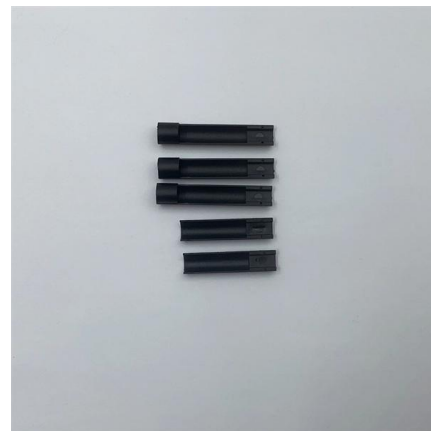

African elephants are larger and have bigger ears, while Asian elephants have smaller ears and a more rounded back. Mandrills can survive up to 31 years in captivity.

How to choose fiber optic pigtails?

Applications Fiber optic pigtails are used to terminated fiber optic cables via fusion splicing or mechanical splicing as shown in the picture below. The end of the

[Contact Us](#)

Pigtails, why are they essential in fiber optic installations?

A singlemode fiber optic cable transmits a single straight light signal, suitable for longer distances. A multimode fiber optic cable has a thicker fiber in which the
