

FXX3 fiber distribution box

Overview

The fiber splitter distribution box supports fiber splicing, splitting, distribution, "three in one" and fiber optic distribution box also offers solid protection and fiber cable management for FTTX network installation. Fiber Distribution Box are used in cross-connection (indoor and outdoor devices). FTTH Box comply with salt spray test, crush test and temperature cycling under international standard. To ensure consistent performance and longevity, it is essential to adhere to strict technical specifications.

FXX3 fiber distribution box

1 Core Fiber Optic Distribution Box

This fiber optic distribution box serves as a termination point for feeder cables to connect with drop cables in FTTX communication network systems. It integrates
