

Fiber Optic Cable 610

Overview

The FRS-610 Optical Fiber Cable is a high-performance cable designed for use in optical sensing and communication systems. Outstanding balance which reflects all unpaid changes due at this time per your selected payment method. Pricing (USD)Filter the results in the table by unit price based on your quantity. Farnell's fibre optic cables are engineered to provide high-speed, high-bandwidth data transmission over long distances with minimal signal loss. Ideal for telecommunications, data centres and networking applications, our fibre optic cables are available in single-mode and multimode configurations. FDR-610-10R Sensors & Switches from AUTONICS In Stock, Order Now! Same Day Shipping, 2-Year Warranty - CABLE, FIBER OPTIC, DIFFUSE REFLECTIVE, RIGHT ANGLE.

Fiber Optic Cable 610

Fiber Optic Cable M6, 1000 mm Fiber Length

Dear customer to have online by for any of product from above chart please click here and type part number in the search box.
