

Fiber Optic Installation Tool Rack-Mounted Model 2025

Overview

The HIM-25 fiber optic installation tool kit is a convenient carrying case, it includes everything during installation optical communication lines you might need to use, from Ideal 45-163 buffer tube stripper to piano wire, from fiber optic kevlar scissors to cable sheath cutter. Vimar reserves the right to change at any time and without notice the characteristics of the products reported. Installation should be carried out by qualified staff in compliance with the current regulations regarding the installation of electrical equipment in the country where the products are. Fiber optical thermal stripper M9 is suitable for 1-48 cores, compatible bare fiber/bundle and ribbon fibers, Dual heating mode and 8-level temperature regulation. CommScope offers a variety of easy-to-install frames, racks and cabinets specially engineered for network equipment and fiber cable management.
