What Is Bridge Mode on a Router, and Why Should You Use It?

What Is Bridge Mode? Why Would I Want to Use Bridge Mode? How Do I Put My Router Into Bridge Mode? Frequently Asked Questions About Bridge Mode The sub-menu for enabling bridge mode on your router varies from model to model and between ISPs, based on what they call it. The process is pretty straightforward, however. First, log into your router. While you can do so over a Wi-Fi connection, we strongly recommend using a laptop or desktop computer with an Ethernet connection plugged directly See more on howtogeek Author: Jason Fitzpatrick Huawei Consumer
