

Fiber optic cable relocation testing costs

Overview

Typical costs ranged from \$10 to \$27 per foot for underground deployments, compared to \$5 to \$14 for aerial deployments. 1) Proofing and Placement - Per foot pricing for proofing and placement of approximately 1,856,332 ft (351.864F Prysmian non-armored ribbon cable (24 Fibers per ribbon) into existing empty. Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. These fibers are thin strands, often as small as a human hair, that transmit data as pulses of light.
