Underfill: A Review of Reliability Improvement Methods

The increasing integration and miniaturization of electronic devices place serious pressure on packaging technologies to ensure long-term reliability.

[Contact Us](#)

Film Testing Equipment, Film Testing Machines,

Film Testing Equipment "International Equipments" manufacture all types of poly film testing equipments. These equipment used for polyfilm testing cover Mono layer

[Contact Us](#)

adhesive dispensing systems - SM Klebtechnik

Adhesive dispensing systems are machines and systems such as drum melters, adhesive melters and application heads for the industrial processing of reactive and non-reactive adhesives.

Testing of Solar Cells and Solar Modules , ZwickRoell

Testing solutions according to IEC or EN 61215 for thick-film modules and IEC or EN 61646 for thin-film modules.
