

GYTA TS Optical Cable

GYTA TS Optical Cable

What is the GYTA fiber optic cable?

GYTA fiber optic cable is a stranded loose tube outdoor cable widely used for overhead, duct, and even direct burial applications. It combines strong

Differences between GYTS optical cable and GYTA optical cable

GYTS cable is universal optical cable; it can be used in aerial, duct and direct-buried while GYTA can be used in aerial cable and duct cable not in direct-buried cable. The S in GYTS refers to steel strip
