

# **Gulf Region Certified 1 6T Optical Module LPO**

## Overview

---

6T OSFP 2×DR4 Linear-drive Pluggable Optics transceiver modules are designed for use in 1. Forward error correction (FEC) is required to be implemented by the host in order to ensure reliable system operation. 6T WITH 200G PER LANE Amphenol's 200G/lane optical modules support DR4, FR4, 2×DR4, 2×FR4, AOC, and breakout AOC configurations with LC or MPO ports, ideal for 800G/1. The MTRO-D5F8CL is designed to operate in switch and router applications supporting OSFP MSA compliant traffic for up to 500m links. Each module integrates eight electrical and eight optical channels operating at 212. Luxshare-Tech collaborates with industry's leading optoelectronic ICs to develop optical interconnect products based on silicon photonic engine technology, providing end-to-end support and services for next-generation wireless communications, data centers, cloud computing, HPC and more.

## Gulf Region Certified 1.6T Optical Module LPO

---

### What is LPO Optical Module? , FiberMall

LPO emphasizes "pluggable" to distinguish it from CPO solution, in which optical modules are not pluggable. The optical module (optical engine) is
