

# Gyts 24-core optical cable

## Overview

---

24-core GYTS single-mode armored fiber optic cable for outdoor duct installation. These steel tape armored cables are suitable for installation for long haul communication and LANs, especially suitable for the situation of high requirements of moisture resistance. A steel wire, sometimes sheathed with polyethylene (PE) for cable with high fiber count, locates in the center of core as a metallic strength member.
