

Haiti Electricity Distribution Box

Overview

Haiti power strips and PDU power distribution units for surface mount, rack mount and general purpose applications. Presently, E-Power is the only IPP in operation, with plans to rehabilitate production at Pétion-Bolivar-Marti (PBM) plants. The largely government owned electricity sector in Haiti, referred to as Électricité d'Haïti (ED'H for "Haiti Electric Utility", faced a deep crisis characterized by dramatic shortages and the lowest coverage of electricity in the Western Hemisphere in 2006. How does 6W market outlook report help businesses in making decisions?

6W monitors the market across 60+ countries Globally, publishing an annual market outlook report that analyses trends, key drivers, Size, Volume, Revenue, opportunities, and market segments. Examples of components can include, but er in Haiti and their benefit/cost ratio (BCR).
