

How much does a dedicated fiber optic cable for a telecommunications line cost

Overview

Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. Single-mode fiber costs less per foot than multimode fiber, but it requires more. Here's a general pricing reference: These are indicative prices based on standard configurations.
