

How to connect a router to a fiber-to-the-home network

Overview

To set up your router for fiber internet quickly, connect the router to your fiber modem, access the router's settings via a web browser, and input the provided ISP credentials. However, setting up a fiber optic connection to your router can seem daunting if you're unfamiliar with the process. This comprehensive guide combines industry standards with field-tested practices to ensure you achieve a rock-solid.
