

How to cut and strip optical cables

Overview

In this informative guide, we'll walk you through the step-by-step process of stripping and preparing fibre optic cable for termination, covering techniques, tools, and best practices to help you achieve successful terminations in your fibre optic installations. In this instructional video, Bob Licari, Test Equipment Product Manager, demonstrates a simple way to strip optical fiber. Let me explain the details of several commonly used fiber stripper types as follows! 1. FOS03 Fiber strippers remove the coating from the fiber optic cable to expose the glass fiber. Marcel Buijs, EMEA Business Development, Technical Sales, Fiber Optic Center, Inc.
