

How to cut the upper three-way cable tray

5-INCH COLOR TOUCHSCREEN

Intuitive operation, easily accessible with just one touch

Industrial-grade CPU
sensitive response
1 second startup
Smooth experience

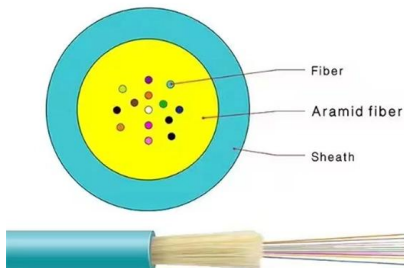

Overview

In the Oglaend System Cutting Guideline you can easily find out what the optimal cutting lengths/intervals are for all modular products. Oglaend System manufacture and deliver Multidiscipline modular bolted support systems, cable trays, cable ladders and accessories for complete installation and containment of Instrument, Electrical, Telecom, HVAC and Piping. Inadequate cuts can lead to structural weaknesses, cable damage, or safety hazards. The following pages address the 2014 National Electrical Code® requirements for cable tray systems as well as design.
