

How to take good photos of bridge frames

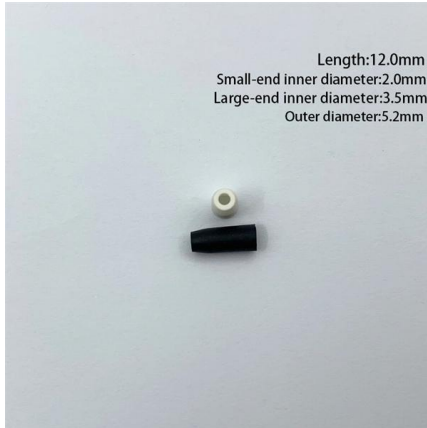

Overview

Early morning or late evening light will highlight textures and warmth to the scene but don't overlook bright days either as strong shadows will make statues and other detail stand out from the walls.

How to take good photos of bridge frames

How to Photograph Bridges

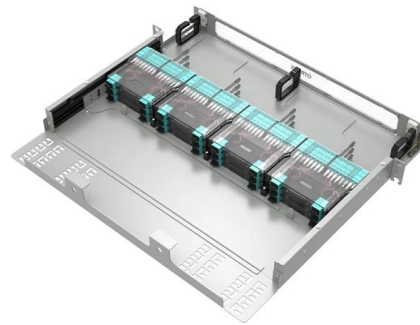

From cat walks to the Golden Gate, bridges make great photographic subjects. So great, in fact, that many beginners make the mistake of believing that those bridges are just going to photograph
