

Huawei Cloud AI Computing Server

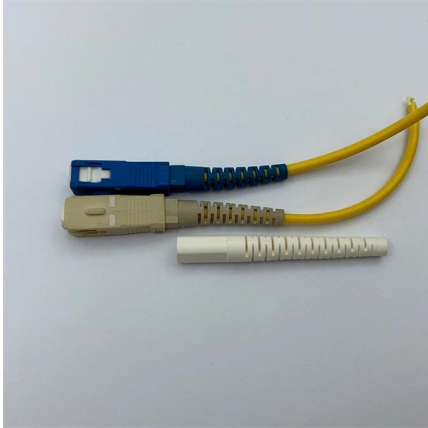

Overview

At the recent World AI Conference in Shanghai, Huawei unveiled the CloudMatrix 384, a massive AI cluster designed to serve China's growing demand for large-scale model training—at a time when access to NVIDIA's high-end GPUs is restricted. Deploy self-built e-commerce platforms with end-to-end solutions based on extensive Huawei Cloud industry-specific platforms and basic cloud services. Leverage cutting-edge technologies such as cloud computing, big data, AI, and 5G to empower digital transformation and AI-driven upgrades together. [Shanghai, China, September 21, 2023] The second day of HUAWEI CONNECT 2023 was off to a good start with the keynote speech by Mr. Huawei's CloudMatrix 384 system made its first public debut at the World Artificial.
