

Huijue Top Light Module

Overview

3% bifacial gain, this module outperforms PERC counterparts by 6-9% in real-world conditions. Imagine generating power from both surfaces – even from reflected light on snow-covered rooftops or commercial carports. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. In solar markets from Germany to Australia, the AL7N9E0102A-L1 redefines energy harvesting. Our comprehensive range includes custom-designed systems that integrate seamlessly with solar PV arrays, offering uninterrupted power supply and energy cost savings.

Huijue Top Light Module

AL7N9E0102A-L1 TOPCon Bifacial Solar Module , Huijue I& C Energy

With 22.8% front-side efficiency and 25.3% bifacial gain, this module outperforms PERC counterparts by 6-9% in real-world conditions. Imagine generating power from both surfaces - even from reflected
