Dropped charging posts can be installed directly even if they are not damaged in appearance, and must be checked by a professional to determine if they can be installed.

A collection of various fiber optic cables and connectors, including LC Series, SC, and ST types, displayed on a white background. The cables are arranged in three rows, showing different colors (blue, green, red, black, white) and connector types (LC, SC, ST). The text "LC Series" is visible in the center of the image.
