

# Installation of 48-core optical fiber terminal box

## Installation of 48-core optical fiber terminal box

---

### All You Need To Know About Fiber Termination Boxes: Installation

Types of Fiber Optic Cables  
What Is A Fiber Termination Box?  
Fiber Termination Box Installation Procedure  
Maintenance of Fiber Termination Box  
In network cabling, outdoor connections generally use fiber optic cables. When these optical fibers are installed or laid out, a Fiber Termination Box, or FTB, is used to distribute and protect the optical fiber links in FTTH networks. The fiber termination box is an interface between the fiber cable from the line side and the pigtails to be passed to See more on [stl.techaoatech](http://stl.techaoatech)

### FDB-48 Fiber Distribution Box, 48 ports-AOA Tech

FDB-48 Series 48 ports Fiber Distribution Box, also called Splitter Distribution Box or Fiber Terminal Box, can be used in FTTH projects and is suitable for corridor,
