IntroductionBackground InformationCommon CausesTroubleshoot Input DiscardsThis document describes the causes of and solutions for input discards for the Cisco Nexus 9500-R EoR and Nexus 3000-R ToR. An input discard indicates the number of packets dropped in the input queue because of congestion. This number includes drops that are caused by tail drop and Weighted Random Early Detection (WRED). What Causes Terminal Failure in Electrical Terminal Blocks

Terminal failure in electrical terminal blocks is often caused by poor contact, insulation, or fixation, leading to safety risks and system downtime.
