JDSU HA9 for Sale, Optical Attenuators, Fiber Optic Test Products, Test

The JDS Uniphase HA9 Programmable Attenuator is a high resolution, extended-range, programmable attenuator ideal for testing power meters and for general test and laboratory work.

JDS HA Series Datasheet

HA attenuators are ideal for use in such demanding applications as multichannel AM systems and high bit-rate digital pulse code modulation (PCM) systems. Discrete internal optical reflections are
