### **PAM4 Optical Modulation: Meeting the Demands of Increasing**

Consequently, the industry has turned to PAM4 modulation to realize ultra-high-bandwidth network architectures. PAM4 is an optical modulation technique that allows for higher data rates and

### **FS Launches 40 Channel 100G DWDM PAM4 Open Line System for**

FS launches 40 Channels 100G DWDM PAM4 open line system which is a scalable and reliable active DWDM transport platform for data center interconnect and metro aggregation.

### **Subheadline**

In early 2017, Spirent launched the first dedicated test system for 200G, based on the use of 4x50GbE PAM4 technology. Longer term, knowledge of PAM4 will be important for PHY-to-MAC emulation in
