

KN optical cable

Overview

Fibre optic cable with central loose tube filled with gel and up to 24 fibres for outdoor applications and direct burial installations. Metallic armoured design with glass yarns, longitudinally water blocked, rodent-proof and PE sheath. Medium-voltage cable CROSS SECTIONS: 35 to 1,000 mm² APPLICATION: For installation in the ground, in water, outdoors, indoors and in cable ducts for power stati. Today, there are more than five billion kilometers of fiber cable installed around the globe, and Corning continues to lead the fiber optic cable industry in product quality and innovation.

KN optical cable

A-DQ (ZN)B2Y 3,0 kN G.652D (HT)

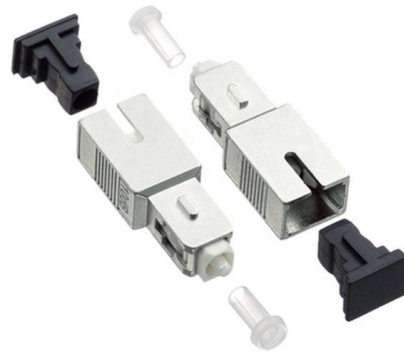

Optical fibre cable - standard - outdoor NO. OF FIBRES: 12 to 864 APPLICATION: These standard cables are used in empty conduits and troughs. Laying by pulling in or blowing in.
