

Laos Intelligent Cold Aisle IK10

Laos Intelligent Cold Aisle IK10

New Cold Chain Facility Supported by JICA to Help Laos expand

As part of the JICA-UNICEF project to strengthen the Lao PDR's cold chain capacity, new walk-in cold rooms have been installed in Vientiane to help the country store more vaccines. (KPL)

FAMILY BROCHURE Aisle Containment Solutions

The Elevate aisle containment automatic double sliding glass door assembly is expertly engineered to secure and seal each end of a containment aisle, isolating hot and cold air to enhance cooling efficiency.

Hot and cold aisle cooling containment

More frequently, data centers are using hot and/or cold aisle cooling containment solutions to help with managing airflow, eliminating hot spots and improving energy efficiency. In most cases, the rack

[Contact Us](#)

Aisle Containment Systems , Modular Aisle Containment

This system creates dedicated "hot aisles" where servers release hot air. It also creates "cold aisles" that only contain cold air that gets drawn in by the servers.

FOCUSED COOLING USING COLD AISLE CONTAINMENT

Cold aisle containment can be used with or without conventional raised floor cooling. It is easily retrofitted into existing raised floor data centers and works in tandem with the raised floor as well as
