

Latest Price List for Optical Cable Splicing in Rwanda

Overview

OPGW Optical Ground Wire cables have become essential components in modern telecommunication and power distribution systems. There are two primary methods of splicing fiber optic cables: fusion splicing and mechanical splicing. For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Unlock the full database with advanced filters and visible emails inside Data Hub — Free Trial available. Main cost drivers include cable grade (indoor vs outdoor, armoured), distance, and labor for trenching, splicing, and termination.
