Clad-rack cold storage warehouses for Fruvemex

Cooling Equipment
Connecting The Cold Storage
Double-Depth Handling Equipment
The cold storage installations consist of three aisles with 36' high double-depth racking on both sides. In this system, two pallets are deposited - one behind another - on the same side of the aisle, which allows for increased storage capacity. It is a highly recommended solution, mainly when there are several pallets of the same SKU. See more on interlakemecalux rackmex Translate this result
