

# Malta fiber optic cable landed

## Overview

---

Malta has cemented its status as a digital frontrunner, with telecoms provider GO plc announcing the completion of its nationwide fibre rollout - a transformative €100 million project that now brings ultra-fast internet to 371,000 homes across Malta and Gozo. Now, all the submarine optical fiber cables landing in Malta are connecting to Sicily, Italia and onward to the rest of the world. Nexans has reached a major milestone in the Malta-Sicily Second Interconnector project, with production now well underway at two of its state-of-the-art facilities in Norway and the United States. The announcement was made during a press conference at GO's Head Office, attended by Minister for the Economy, Enterprise and Strategic Projects, Hon.
