MODEL ODF-C220 Fiber-Rex ODF is a high capacity, high-density fiber distribution frame, suitable for the composition and distribution of fibers in optical access network to achieve the fiber optic lines

A grey, rectangular, weatherproof enclosure with a hinged lid and a locking mechanism. The enclosure has a robust, industrial design with visible hinges and a latch. On the left side, there are three circular ports or connectors. The lid is slightly raised, showing the internal structure and the locking mechanism on the right side. The overall appearance is that of a high-quality, durable component used in industrial or outdoor environments.
