

Mongolian power distribution box module

Overview

Mongolia power strips and PDU power distribution units for surface mount, rack mount and general purpose applications. New building projects in Mongolia increasingly prefer electrical systems that save space and look clean. MyMonSource LLC is professional supplier company specialized in electrical products for Mining, Construction and Energy sector of Mongolia. The local distribution board contains a 1 or 3 phases automatic breaker, and the board is dedicated to supplying power to the internal lighting system and sockets of the substation. How to get a quote?

You can request a quote by filling a Quotation application at the website.
