

Multimode optical module manufacturing companies

Overview

In 2023, Innolight (ranked 1st), Huawei (ranked 3rd), Accelink (ranked 5th), Hisense Broadband (ranked 6th), Eoptolink (ranked 7th), HG Genuine (ranked 8th), and Source Photonics (ranked 9th). This section provides a list of the top 10 Optical Module manufacturers, Website links, company profile, locations is provided for each company. Optopax offers comprehensive OEM manufacturing services for custom optics and imaging solutions—spanning individual lens elements, precision lens assemblies, AI-enabled camera modules, and fully integrated multimodal imaging systems. By knowing the best options, you can ensure quality and reliability in your projects. Newport provides a wide range of photonics technology and products designed to enhance the capabilities and productivity of our customers' applications. Multimode Optical Modules by Application (AI, Data Center, Cloud Services, Others), by Types (200G, 400G, 800G, Others), by North America (United States, Canada, Mexico), by South America (Brazil, Argentina, Rest of South America), by Europe (United Kingdom, Germany, France, Italy, Spain, Russia.
