

Namibia Fiber Optic Cable Junction Box 24 Cores

Overview

GJS-24-D (PLC) 24 Cores SC fiber optic joint closure is a kind of small junction box that is used to join the fiber bundles and protect them during cabling installation, preventing the cables from abrasion and other damage. Oryx Fibre Infrastructure is an open access fibre optic network provider in Namibia that owns and operates long distance (backhaul and long haul) fibre infrastructure. We own our secure transmission and backbone fibre infrastructure and provide connectivity services to telecommunications operators.
